THAT'S THE WAY THEY GO .- The Natchez Democrat, in one of its impatient moods—it has two, one phiperformed by the Queen's Delight Comlosophising and the other impatient pound is attracting the attention of every planters:

laborers, raise our own provisions, plant but little cotton, and live quietly and comfortably as farmers. Why? Because we can't; because we are slaves to our creditors, and must make money to satisfy their claims; and the only way we can make money is by planting cotton, and we must raise more means, and go on planting cotton, though it plunges us tenfold more into debt, and we lose all by it at last."

And that you will do if you keep on. There is one plantation, not fif-teen miles from Natchez, which is one of the finest in Adams County, which has never failed to fall into the overseer's hands out of those of the minor children of the last overseer. Neither the cotton nor any other crop will pay the interest which advances now must bear even from men not in debt, and who can always get them on easier rates. In former times, lottery prizes might occasionally be made in cotton crops, but that day is past.—New Orleans Picayune.

READY-MADE CLOTHING.

MilE ladies, gentlemen and young peo The object of the Association is to furnish constant employment, and promptly.

The object of the Association is to furnish constant employment to those who, having been impoverished by the war, now depend on the needle for daily bread. Does not such an object commend itself to the hearts of our citizens? Or must the anxious applicants for work be told that our people prefer Northern-made garments, and that there is, therefore, no more work for them? Shall it be said that such an Association as this cannot be sustained in the capital of South Carolina? Jan 19
